acts not large. That circuses are laboring under difficulties is shown when the service flag carried 38 stars. Withal the Main circus gave satisfaction.

Homer Rushford narrowly escaped a serious accident when his truck when coming north on the road on the east side of Willoughby lake Friday afternoon with a load. A Packard car driven by Raymond Campbell of Lyndonville and filled with people, shot around one of the bends in the road and was unable to stop before it had hit the truck which threw the Packard partly over the bank on the lake side of the road. The passenger car barely balanced on the edge which was at one of the points where there are few trees to prevent a drop of some 15 feet into the lake. No one was injured and neither car suffered much damage, but the escape was a narrow one.

He Had a man is perfect, I suppose. I liked in though. "No," I suppose. "I see you no longer love me," said the girl.—Louisville Courier-Journal.

To Clean up the Beach Saturday.

Unightly stumps, stones and debris scattered upon the bathing beach at the foot of Pine street have been an eyesore to many bathers and it has been decided to have a bee of all those interested on Saturday afternoon in order to clean away the rubbish and put the place in a more orderly, slightly and cleanly condition for the large number of visitors and bathers who visit this beach during warm weather.

R. P. Webster and F. D. Pierce will act as a committee to whom those who will offer their services Saturday afternoon may report as to what they can give in the way of labor, teams or tools. Already several have volunteered and if those who can assist will report it will save unnecessary duplication of tools and effort.

The move is a splendid one and deserves the hearty cooperation of our townsfolk.

Soldiers in France Need More Books.

The Barton Public Library has received a request from the American Library Association's headquarters in Washington for more books from this community for the men overseas. The appeal from Washington states that new novels and good Western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The public library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously, to give more books.

The communication received by the library from the Washington headquarters states that over 600,000 books have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they will serve as a bookcase.

They go on the decks of transports in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced librarian, representing the American Library Association. Most of them go to Y. M. C. A. Red Cross and Salvation Army huts, hospitals and canteens. Others go directly to chaplains and officers. Will anyone having books they will donate for this purpose leave them at the library before Saturday, Aug. 17.

Special Town Meeting Friday Evening.

A special town meeting for the town of Barton is called at Seaver's hall Friday evening for the purpose of seeing if the town will vote a sum of money not to exceed \$1000 for the continuation of the work begun on the West Glover road.

The citizens of Barton have personally contributed a substantial sum of money for the completion of this much-needed work and it is understood a liberal amount from the state is assured to be put with whatever amount the town votes and individuals may give.

This road greatly needs permanent improvement and is probably the best trade channel leading into Barton. The people who travel it deserve something better from the town and it is hoped a liberal appropriation for the work will be made.

County Historical Picnic.

James Young, Stanley Marsh and Arthur Davies of Brownington are the committee in charge of arrangements for the great county picnic to be held by the Orleans County Historical society at the Old Stone House in Brownington Friday of next week. The pleasant event of two years ago will be duplicated and it is expected the crowd of 1000 which was
